# Objectives

## 1. SCHOLAR

Participants will improve their competency in the educational role of the CMR by developing effective methods of oral presentation, clinical skills teaching, and delivering effective feedback.

## 2. PROFESSIONAL

Participants will achieve a deeper understanding of how their ethical duty to patients can be balanced with other personal and professional commitments.

## 3. MANAGER

Participants will acquire strategies to maximize their clinical and academic success by making optimal use of their skills and knowledge.

## 4. COLLABORATOR

Participants will learn methods of fostering a supportive collegial environment in clinical and educational settings.

Conference held at the  
Sheraton Hamilton Hotel,  
116 King Street West, Hamilton, ON L8P 4V3

# National Chief Medical Residents' Conference 2010

Hamilton  
April 15-18, 2010

Hosted by the

DEPARTMENT OF  
**Medicine**

# Welcome

Welcome to Hamilton and to the 2010 National Chief Medical Residents' Conference. We are honoured to be your hosts, and we hope that you will find the conference enjoyable and stimulating.

Chief medical residents play a variety of educational, administrative, and leadership roles that differ from institution to institution. Our conference attendees will represent a variety of postgraduate levels and will include both outgoing and incoming chiefs. We have worked to create a program that will be relevant to chief residents from all backgrounds. We hope that conference participants will return to their home institutions eager to share ideas from our formal program and from informal discussions with colleagues.

Our program includes distinguished speakers from McMaster and elsewhere. We are delighted to welcome them and we thank them for participating in our conference. We also thank the McMaster University Department of Medicine and our industry sponsors whose generosity has made our conference possible.

**Please enjoy our conference and your time in Hamilton!**
